

The Cardiac Device office is moving

The Wenatchee Valley Medical Center Cardiac Device Office is Moving*

Starting May 24, all pacemaker and ICD checks will be done at the Cardiology office in the Medical Office Building on the Central Washington Hospital campus, 933 Red Apple Road in Wenatchee. Shelley Jones, MA is moving her office to the new location and will continue to check devices. The phone number will stay the same, (509) 663-8711, ext. 5072.

We're also pleased to announce that our second EP Cardiologist, Christopher W. Kocher, MD is joining us in September. We look forward to improving our service with an additional cardiac electrophysiologist and by having all of our cardiac device services under one roof.

*Please note that we WILL continue our outreach services for pacemaker checks in Omak, Moses Lake (and *coming soon* ... Tonasket). We look forward to seeing you again soon.

YOUR "PACER" CHECK TEAM
